Description: Nearly five million families deal with Alzheimers Disease and other forms of dementia on a daily basis. They do this with little training, and often only their good intentions guide them. When Reasoning No Longer Works is the training manual these family caregivers have been searching for. Written by a Gerontologist with more than twenty years of experience,...

Review: Ive read several Alzheimers books and this is my favorite so far! An easy read. I enjoy the ongoing narrative, it helps me relate to situations Ive experienced but then offers such great techniques for avoiding and recognizing why my loved one is behaving the way they do- and the explanations really help me see things from the mind of a demented...
